## A WORD ABOUT THE UNIVERSITY

Sir George Williams University constitutes part of the Young Men's Christian Association enterprise in Montreal. It was developed out of the formal educational work of the Montreal Association whose first classes were organized in 1873, twenty-two years after the founding, in Montreal, of the first Young Men's Christian Association in North America on November 25, 1851.

The name, Sir George Williams College (after Sir George Williams who founded the Young Men's Christian Association in London, June 6, 1844) was chosen in 1926 to designate the expanding formal educational programme in Montreal. In 1929 the college programme was extended to first year work in Arts, Science, and Commerce. In 1934, the full four-year college programme in Arts, Science, and Commerce was announced. In 1936 members of the first graduating class were awarded the Bachelor's degree. From 1936 to 1964 (exclusive of this Spring's graduates) 6,453 men and women have received their Bachelor's degrees from Sir George Williams University.

On March 11, 1948, the College was granted a special Charter by the Legislature of the Province of Quebec, "in order that the work which it is doing may be carried on more effectively and advantageously". This established the College as a body corporate and politic for the purposes: (a) to carry on and conduct a college or university within the Province of Quebec; and (b) to establish faculties — and to grant and issue degrees. An amendment to the Act of Incorporation, on December 18, 1959, changed its name to Sir George Williams University.

Construction of a new building is already underway. Located on Burnside Street, between Bishop and Mackay, it will be known as the Henry F. Hall Building. When completed in time for the 1966-67 academic year, it will provide the space so urgently required for Sir George to do its share in meeting the increasing demands for continuing education.

## OUR GUEST THIS EVENING

The University is honoured to have as its guest tonight the noted lawyer, newspaperman, broadcaster, writer, lecturer and bedrock Canadian, John W. Fisher, B.C.L., LL.D., D.Lit., D.Univ.

Born in Sackville, New Brunswick, Mr. Fisher traces his ancestry back to the founding of Canada. The Honorable Charles Fisher, Premier of New Brunswick was one of the Fathers of Confederation, and a great-uncle was Chief Justice of the Supreme Court of Canada. He was educated at Rothesay Collegiate and received his law degree from Dalhousie University in 1937.

His career as a journalist started with the Halifax Herald and radio station CHNS in Halifax in 1943. As the "Wandering Observer", and for "John Fisher Reports" he travelled across Canada many times and has come to know it well in city, town, and farm from Newfoundland to British Columbia and the Yukon.

John Fisher is a member of many national organizations which serve the interests of Canadians and has received honours of all kinds too numerous to mention. At ease in both French and English, he is sought after as a speaker, and interprets Canada to Canadians with perception, vision, and reality. His most recent appointment as Commissioner of the National Centennial Administration is a tangible recognition of the name by which he is known best, "Mr. Canada".
